

## Nevada State Board of Cosmetology Public Workshop – August 18, 2014 Proposed Changes to NAC 644.700.2

### Executive Summary

1. The Nevada State Board of Cosmetology is concerned with a number of extremely important matters in their duty to protect the public. The current interpretation of Nevada Administrative Code Chapter 644 Section 2 dealing with sanitation violations is troublesome in that there are no time constraints or evaluation of severity on the issuance of a second sanitation violation.

If a licensee was issued a sanitation violation for reusing a single use item (nail file) 10 years ago and then is issued another violation for reusing a single use item (nail file) today, the Executive Director has no choice (based on a recent interpretation of the regulations by the Deputy Attorney General) but to bring them for a disciplinary hearing before the board.

The Board is similar to the Supreme Court in that they are concerned with major issues that they alone can remedy. Just as the Supreme Court does not hear minor traffic violations, the Nevada State Board of Cosmetology should not be hearing minor sanitation violations unless they cross some severity threshold, or refuse to come into compliance by the issuance of citations.

The Executive Director and staff of the Nevada State Board of Cosmetology request approval to hold workshops and schedule a public hearing for the proposed changes to NAC 644.700.2.

2. The current requirement for students to wear a white garment to perform their practical test is both antiquated and is an unnecessary financial burden on the students. The Executive Director and staff request approval to hold workshops and schedule a public hearing on the proposed changes to NAC 644.053.8.
3. The Board previously instructed staff to move forward with regulations changes to allow the reduction in reexamination fees from \$110 to \$75. The Executive Director and staff request approval to hold workshops and schedule a public hearing on the proposed changes to NAC 644.062.7.
