3. Estimated Economic Effect of the Proposed Permanent Regulations on Small Business.

The proposed permanent regulation has no adverse economic effect on the Nevada State Board of Cosmetology, the licensed cosmetology professionals, licensed cosmetological establishments, licensed cosmetology schools, or the public. The regulation has no negative impact on Small Business. The new registration fees of \$25 per year for registered shampoo technologists, registered makeup artists, and registered threaders is de minimis to their operations. The permanent regulation could have a beneficial economic effect on the Board of Cosmetology, Small Business, and the public. The regulation should enable the ability for shampoo technologists and makeup artists to practice within cosmetological establishments creating new jobs and specialized workers requiring minimal to no training to receive their registration. It will also enable the reduction of illegal, *non-licensed* activities through the proposed fining system for not listing your license number in advertising, thus increasing the potential clientele for all *licensed* cosmetology professionals. The regulation could also benefit Small Businesses by allowing vendors, distributors, and manufacturers to demonstrate their products by limited license professionals and through a more specific definition of the training received within cosmetology schools.

4. Estimated Cost to Agency for Enforcement of Proposed Permanent Regulations.

The proposed permanent regulation will present no additional incremental net cost to the State Board of Cosmetology in administering these new regulations.

5. Regulations of Other State or Local Governmental Agencies which the Proposed Permanent Regulations Overlap or Duplicate and the Necessity Therefore.

The proposed permanent regulations do not appear to overlap or duplicate regulations of other state or local governmental agencies.

6. Establishment of New Fee or Existing Fee Increase.

The permanent regulations would not increase any existing fee, but would create new fees for the licensure of in-state limited licensees, registered shampoo technologists, registered makeup artists, and registered threaders. The fee for retaking an examination has been reduced from \$110 to \$75. There are new fines associated with citations issued for violating sections of NRS

644 and NAC 644. Since these new fines are initiated upon a violation of laws and regulations, the licensed cosmetology professionals who obey the law would never have to pay one of these fines.

Persons wishing to comment on the proposed action of the State Board of Cosmetology may appear at the above scheduled public hearing or may address their comments, views, or arguments, in written form, to the Nevada State Board of Cosmetology, 1785 E. Sahara Avenue, Suite 255, Las Vegas, Nevada 89104. Written submissions must be received by the Nevada State Board of Cosmetology on or before October 26, 2015. If no person who is directly affected by the proposed action appears to request time to make an oral presentation, the Nevada State Board of Cosmetology may proceed immediately to act upon any written submissions.

A copy of this notice and the proposed permanent regulations to be adopted and amended will be on file at the State Library, 100 Stewart Street, Carson City, Nevada, for inspection by members of the public during business hours. Additional copies of the notice and the regulation to be adopted and amended will be available at Nevada State Board of Cosmetology in each office location: 1785 E. Sahara Avenue, Suite 255, Las Vegas, Nevada 89104 and 4600 Kietzke Lane, Building O, Suite 262, Reno, Nevada, 89502 and in all counties in which an office of the agency is not maintained, at the main public library, for inspection and copying by members of the public during business hours.

This notice and the text of the proposed regulation are also available in the State of Nevada Register of Administrative Regulations, which is prepared and published monthly by the Legislative Counsel Bureau pursuant to NRS 233B.0653, and on the Internet at <http://www.leg.state.nv.us>.

The text of the proposed permanent regulations will include the entire text of any section of the Nevada Administrative Code, which is proposed for amendment or repeal. Copies will be mailed to members of the public upon request. A reasonable fee may be charged for copies if deemed necessary.

Upon adoption of any regulation, the agency, if requested to do so by an interested person, either before adoption or within 30 days thereafter, will issue a concise statement of the principal reasons for and against its adoption and incorporate therein its reason for overruling the consideration urged against its adoption.
